JORGE LORENZO

Official Vmoto Testimonial  
5-times MotoGP World Champion

**Jorge Lorenzo** special rider  
of our **TS Street Hunter PRO**

# DESIGN

## Urban style, sporty soul

The **TS Street Hunter PRO** and **TS Street Hunter** share the same **bold, modern design**, created to stand out in the urban landscape. **Muscular lines**, a **compact silhouette**, and a **sporty stance convey energy and motion** even at a standstill.

Attention to detail, including **full LED lighting** and **high-quality finishes**, enhances their sharp, contemporary look.

Two versions, one unmistakable style: the design remains the same, only the performance changes.

# DESIGN

## Aerodynamics

**TS Street Hunter PRO & TS Street Hunter** are a perfect example of how **aerodynamics can integrate with design to deliver superior performance and an exciting riding experience.**

Featuring a **double fairing**, the bike significantly **reduces aerodynamic drag, improving stability and smoothness** even at high speeds. This innovative solution, combined with a **compact design**, contributes to **outstanding handling**, making the motorbike particularly suitable for those **seeking fun and control in every corner.**

They're advanced aerodynamics ensure not only excellent performance, but also **optimised energy efficiency for an engaging and sustainable driving experience.**

## Enhanced performance

The **TS Street Hunter PRO** is built for riders who demand more from their urban electric motorcycle.

With a **top speed of 90 km/h** and an impressive **130 Nm of torque**, it delivers responsive acceleration and confident handling. Its motor offers a **nominal power of 4.1 kW** and **peaks at 5.2 kW**, managed by the advanced **F.O.C. 3.0 controller**, which boosts power output by **16%** compared to previous versions. **3 riding modes** allow you to tailor performance to your style and riding conditions.

Technical specifications for the basic version of the **TS Street Hunter** are listed in the table at the end of the catalog.

## High power motor

## F.O.C. 3.0

The technical data listed above refer to the **TS Street Hunter PRO**.

# BATTERY

## Range & efficiency

Both versions of the **TS Street Hunter** are equipped with **60V32Ah** batteries, engineered to deliver an optimal balance of **range, efficiency, and charging speed**.

The **PRO** version offers up to **91 km** of range with two batteries, while the basic version reaches up to **100 km**, based on the **WMTC Stage 3** test cycle.

With a charging power of **0.6 kW**, a single battery can be fully recharged in just **3.5 hours**, ensuring convenience and reliability for everyday use.

# CYCLING

## Climbing angle

The **TS Street Hunter PRO** & **TS Street Hunter** are **agile** and **powerful**, maintaining top performance even on **steep inclines up to 14°**. Conquer any road with ease.

**14°** Steep inclines  
Climbing Angle

## Hydraulic damping suspensions

The advanced suspension system ensures **optimal comfort** and **control**, adapting seamlessly to **any terrain**. Ride smoothly in every situation.

Front suspension ø35mm

Rear suspension ø34mm

# SAFETY

Rear caliper Ø180mm

**High-performance CBS**, ensuring maximum safety and control in all braking conditions.

Front caliper Ø240mm

**High-performance CBS**, ensuring maximum safety and control in all braking conditions.

Tyre

The tires have a **high-density texture**, which provides **strong ground grip** and **high safety**.

Side Stand

Advanced support system that includes the **side stand**, designed to ensure maximum stability in any situation.

# TECHNOLOGY

## Front LED

The **TS Street Hunter's full LED** front headlights ensure maximum visibility and safety in all conditions. The front headlamp **Lighting class D** provides powerful illumination with an **intensity of 40.000** cd.

## Rear LED

High brightness **LED taillight**. Position light, brake light and indicator light integrated.

## LCD

Clear and intuitive **LCD display** designed to provide the rider with all essential information in real time.

## USB

**USB charging port**, designed to provide maximum convenience during trip.

# ERGONOMICS

## Ergonomics redefined: comfort meets sportiness

TS Street Hunter PRO & TS Street Hunter are designed to deliver the **perfect balance between comfort and sportiness**. Its carefully engineered ergonomics ensure a **practical and relaxed riding position**, reducing strain on the back even during long journeys. At the same time, its dynamic stance **preserves the thrill** and **agility** of a true motorcycle. Developed by our team of expert engineers and rigorously tested, the bikes allows **you to ride for hours**, enjoying both the adrenaline of the road and the pleasure of effortless control.

## Extra comfort

# KEY OPTIONAL PARTS

Front bumper

Motorcycle cover

Rear good shelf

Phone holder
